PRO SERIES
Hardest Working Brand in the Business
The Most Versatile Fill Valve On Your Truck

PRO45U is the first fill valve built to fit every toilet out there - from the old 5 GPF to the new 1.28 GPF HET toilets to specialty toilets like the TOTO® Drake and Kohler® Cimarron. The PRO45U restores them to original factory specifications thanks to seven refill diverter inserts and our patented adjustable water-saving roller clamp. Now, professionals don’t have to worry about having the right product on their truck - With the PRO45U, they have the right fill valve for any toilet.

5 year warranty

For all two-piece toilets and most one-piece toilets

PRO45U refill diverter inserts and adjustable water-saving roller clamp allows toilet to be set to optimal factory spec for bowl refill

Ultra-quiet operation

Minimal water hammer

Instructions include cross reference sheet for over 100 toilets

Found only where PRO Series is sold

FluidmasterPRO.com
Fluidmaster® PRO Series Flappers are built to last. Made from high-quality rubber compounds, the PRO flappers can stand up to the harshest water conditions. The kink-free chain helps eliminate the need for homeowners to jiggle the handle to get the toilet to stop running. Our flappers are the only flappers with Microban® and are designed exclusively for professionals.

PRO Series flappers made with Microban® technology are more resistant to premature deterioration than other flappers. The Microban additive operates on the cellular level to prevent uncontrolled growth of microorganisms that can damage the flapper.

## PRO SERIES FLAPPERS

### PRO53
**Universal Heavy Duty Flapper**
- 1 year warranty
- Best for 3.5 GPF+
- Pipe adapter
- Kink-free metal chain
- Built-in Microban technology
- Replaces Korky® 54BP flappers

### PRO54
**Universal Chlorine-Resistant Heavy Duty Flapper**
- 5 year warranty
- Best for 3.5 GPF+
- Chlorine resistant
- Pipe adapter
- Kink-free metal chain
- Built-in Microban technology
- Replaces Korky® 2001BP flappers

### PRO55 / PRO55R (3-PACK)
**Universal Adjustable Heavy Duty Flapper**
- 5 year warranty
- Best for 1.6 GPF
- Adjustable float
- Chlorine resistant
- Saves water
- Pipe adapter
- Kink-free metal chain
- Built-in Microban technology
- Replaces Korky® 2004BP flappers

### PRO56
**Universal Solid Frame Adjustable Flapper**
- 5 year warranty
- Best for 1.28 - 3.5 GPF+
- Adjusts to optimize toilet performance
- Saves water
- Chlorine resistant
- Solid frame
- Kink-free metal chain
- Built-In Microban technology
- Replaces Korky® 100BP flappers

### PRO58
**Universal 3" Adjustable Flapper**
- 10 year warranty
- Fits 3" flush valves
- High quality silicone seal
- Adjusts to optimize toilet performance
- Saves water
- Arms adjust to fit Kohler 3" Flush Valves
- Chlorine resistant
- Solid frame
- Kink-free metal chain
- Replaces Korky® 3060BP flappers

FluidmasterPRO.com
WAX-FREE GASKETS

Professionals know that the key to a good toilet installation is getting a good seal. With Fluidmaster® PRO Series wax-free gaskets, you can install a toilet knowing that you’re getting the best seal possible, with the least hassle.

PRO7530 Better Than Wax™ Toilet Seal

10 year warranty

- No wax, no mess, won't melt in hot conditions
- Replaces traditional bowl wax
- Seal can be repositioned and reused
- Stackable
- Plunging won’t cause leaks like traditional wax
- Fits 3” & 4” floor drains
- Hardware sold separately

TOILET BOWL WAX

Made from high-quality wax, PRO Series Wax comes in all the most popular varieties: with and without flange, with and without installation hardware, extra-thick and reinforced.

The PRO Series Wax line also includes special rings for back outlet toilets (PRO70B-R) and for urinals (PRO70U-R).

Most PRO Series Wax products come packaged in an easy-to-remove tray that will maintain the wax’s shape in even the harshest conditions.

PRO7K0 Bowl Wax Kit

- Includes two solid brass toilet bolts & double stainless steel hexnuts for “Double Nut” or “Speed Nut” installation
- Fits 3” and 4” floor drains
# PRO TOILET BOWL WAX & WAX-FREE GASKETS

## PRO7KF Bowl Wax Kit w/Flange
- PRO7KF includes flange for better alignment
- Includes two solid brass toilet bolts & double stainless steel hexnuts for “Double Nut” or “Speed Nut” installation
- Fits 3” and 4” floor drains

PRO CLICK SEAL®
WATER SUPPLY CONNECTORS - TOILET AND FAUCET

This innovative two-piece nut uses the same theory as the gas cap on a car, the nut clicks when it’s sealed.

All you need is a Click Seal® water supply connector, a hand to tighten it, and a click to let you know it’s sealed.

10 year warranty

The “Click” Lets You Know It’s Sealed!® Patented Click Seal® Technology

Click Seal nut eliminates possibility of overtightening

Lead free compliant with NSF 61 and all other lead free laws

NO OVERTIGHTENING, NO CRACKED PARTS, NO CALLBACKS

FAUCET

TOILET

NUT “CLICKS”
when proper torque reached (like gas cap)

FLEXIBLE STAINLESS
STEEL BRAID

CLICK SEAL NUTS
on BOTH ends for
perfect seal every
time (faucet only)

REINFORCED BRAIDED
INNER CORE

BRASS THREAD and INSERT
no crossthreading for
secure connection

DOUBLE RADIAL CRIMP
for strong
nut-to-hose connection

NUT WON’T CRACK
due to overtightening

RADIAL CRIMP
for strong
nut-to-hose connection

WATER SUPPLY CONNECTORS - FAUCET

No other connector on the market comes close to the toughness of a Fluidmaster® PRO Series Connector. Made of a tough polymer core encased in braided stainless steel wire, these connectors go above and beyond what’s required by code. Backed by a 10-year warranty, these connectors are only found where other PRO Series products are sold.

10 year warranty

Stainless steel braiding provides maximum protection against bursting.

Braided stainless steel lengths range from 9” to 48”

Ample inside diameter for high flow capacity

Won’t kink or crease, even in the tightest of spaces

Lead free compliant with NSF 61 and all other lead free laws

Fluidmaster’s 8F tapered sleeve compression connectors are for direct connection from faucet to angle stop only. Do not use as extension. Male threads are for connection to copper tubing only. Fluidmaster will not be responsible or liable for improper use of these products.
WATER SUPPLY CONNECTORS - TOILET

No other connector on the market comes close to the toughness of a Fluidmaster® PRO Series Connector. Made of a tough polymer core encased in braided stainless steel wire, these connectors go above and beyond what’s required by code. Backed by a 10-year warranty, these connectors are only found where other PRO Series products are sold.

10 year warranty

Stainless steel braiding provides maximum protection against bursting.

Braided stainless steel lengths range from 6” to 20”

Won’t kink or crease, even in the tightest of spaces

Braided stainless steel lengths range from 6” to 20”

Available with plastic or metal ballcock nuts
